

LOOKS BEAUTIFUL NEWS

Welcome to our December & Christmas edition of the newsletter. Christmas is always an exciting & busy time of the year, often with more socialising than most of us can handle. What better then, than to call into *Looks Beautiful* for a bit of quiet time.

Christmas Selection Box Package #1

Christmas just wouldn't be the same without an indulgence of chocolate. So we're bringing you a delicious and luxurious way to enjoy the stimulants of chocolate without the calories! These treatments tap into your endorphins sending anti-stress messages to your brain, enhancing your mood. Not only do these indulgent treatments leave your state of mind relaxed and calm, but your skin is left feeling super-soft, glowing and completely re-hydrated. Enjoy a luxury Belgian chocolate pre-treatment and a mug of hot chocolate afterwards. Mmmm....

It's also a great time to reassess your skin care regime, and look to products that will protect and moisturise your skin, especially with going from central heating then out into the cold & back to central heating. Perhaps you could drop some not so subtle

hints about getting your hands on our fantastic Algologie Skincare products.

This newsletter is packed with great Christmas ideas and specials, as well as a fantastic Gift Voucher deal.
