Want A FREE Spray Tan worth £22.50? Host a tanning party (with 5 or more guests) and get yours absolutely FREE!

Parties are great as they are a good way to boost your self confidence as you will have your friends around and you can enjoy the experience in the comfort of your own home. Of course the added benefit is that all your guests can be sprayed at a time convenient to yourselves. Everyone can compare their white bits (if any) and of course crack open the wine and have a laugh.
